

23-Year Old  
"Commando"  
Bags 40 Nazis;  
Will Get CMH

Washington, March 9 (AP)—Technical Sergeant Charles E. Kelly, of Pittsburgh—is going to get the Congressional Medal of Honor.

Does he deserve it? Listen to the story the War department tells about the fighting Irishman whose friends call him "Commando," and judge for yourself.

Last September 13, near Altavilla, Kelly, who is 23, volunteered as a member of a patrol which located and put out of action some heavy machine gun positions.

But that was just a start. He promptly volunteered to establish contact with a U. S. Infantry battalion which was believed to be located on a hill a mile away. The route he had to follow was under enemy observation, plus sniper, mortar and artillery fire. But "Commando" got back with the information that the Americans weren't there—the hill was occupied by the Nazis in organized positions.

One-Man Defender

Kelly volunteered immediately for another patrol going after enemy machine guns, and "assisted materially" until he ran out of ammunition. So he got permission to go to an ammunition dump for more, and arrived to find the Germans attacking ferociously. He got his ammunition, plus an assignment to stay right there and protect the rear of an adjacent storehouse, which he did all night.

Next morning, when the Nazis resumed the attack, Kelly took a position at an open window where a machine gunner had been killed and several soldiers wounded. There he "delivered continuous aimed and effective fire" until his rifle locked from overheating, whereupon he found another and kept up his shooting until the same thing happened to that one.

There wasn't another rifle handy, but the enemy was threatening to overrun the position, so Kelly picked up some 60 mm mortar shells, pulled the safety pins, and used the shells for grenades, killing at least five Germans.

Uses Rocket Launcher

"When it became imperative that the house be evacuated," the citation continues, "Corporal Kelly, despite his sergeant's injunctions, volunteered to hold the position until the remainder of the detachment could withdraw. As the detachment moved out, Corporal Kelly was observed deliberately loading and firing a rocket launcher from the window. He was successful in covering the withdrawal of the unit, and later in joining his own organization."

The citation ends there, with a bow to Kelly's fighting determination and intrepidity in battle. But "Commando" hadn't stopped there. The boys later learned that, after firing the last bazooka shell, he slipped out of the storehouse, and started making cautious but speedy steps away from there, down a hill.

And what did he find? An abandoned 37 mm anti-tank gun, with shells. So as long as the shells lasted, he stayed with that gun, too.

Bags 40 Boche

That was at Altavilla. Kelly was at San Pietro, too, as a corporal—the citation for the earlier actions was written while he was a corporal—and then as section sergeant. He crossed the Rapido river three times as a platoon sergeant, but had to come back each time because of overwhelming enemy strength. He has fought at Cassino, also. He's had a total of 70 days of active combat, and his only injuries have been a scraped nose and some tiny cuts on his hands from shell fragments. Officially he's credited with killing 40 Germans. Unofficially, he has become a legend of the Italian campaign.

His mother, Mrs. Irene Kelly, 532 Shawano street, Pittsburgh, has six other sons in the fighting forces, too. One of "Commando's" brothers is in England, another in the south Pacific, a third in the Merchant Marine "somewhere," and three are in this country.

Red Cross Quota  
Will Be Met  
Says Keefauver

"Whenever and wherever help is needed the Red Cross stands ready to serve. The job now is bigger than ever for the need is world-wide. There is scarcely a home that is not represented in our armed forces. Therefore the success of the Red Cross drive is a personal responsibility as well as a moral obligation," said Lloyd C. Keefauver, superintendent of schools.

"Adams county may be comparatively small in numbers, but she is mighty in power when she attacks a just and laudable undertaking. Down through history she has made an enviable record, and that record must be maintained. Everybody wants to be represented in the success of this drive by his own personal contribution. The quota is high, but it must and will be met."

## FIRE VICTIMS INTERRED IN SINGLE GRAVE

The charred remains of the three victims of the fire which destroyed the home of Mrs. Margaret Smith, near Iron Springs, Wednesday morning, were lowered into a single grave in the Union cemetery at Fairfield at 10 o'clock this morning.

About a score of relatives and friends met at the S. L. Allison funeral home in Fairfield and went to the cemetery to witness committal services which were conducted by the Rev. Mr. Wagmuth, Grantham, pastor of the Church of the Brethren in Christ at Iron Springs.

Plan Memorial Rites

Percy Smith, with his head and left hand swathed in bandages that covered still painful burns, and Mary Alice McKee, aged four years, whom Smith rescued, were in the group that gathered at the graveside this morning.

The simple services today will be supplemented by a memorial service to be conducted in the Church of the Brethren in Christ at Iron Springs on Sunday afternoon at 2:30 o'clock. The service will be in charge of the Rev. Eliza Myers, of the Foursquare Gospel church on West Middle street, a niece of Mrs. Smith; the Rev. Mr. Wagmuth and the Rev. John Minter.

Trapped on Second Floor

Portions of the bodies of the three victims were found in the ruins of the building by Fairfield firemen, Wednesday. Extremities of the body of 17-month-old Billy Leroy McKee were missing and only portions of the bodies of Billy's mother, Mrs. Violet McKee, and Mrs. Smith, were found.

Firemen said apparently the three were trapped on the second floor of the structure and were unable to follow Mr. Smith down the stairway when he carried Mary Alice to safety. Smith never was able to return to the second floor on his two vain trips into the building through a first floor window he smashed after the only outside door was blocked by the fire.

Mrs. McKee's body was resting on the edge of the foundation wall. The others were found in the basement.

Survivors Listed

Mrs. Smith, who would have reached her seventy-fourth birthday anniversary next Monday, was a daughter of the late Edward and Mary (Mackley) Reese and was born and reared in the Iron Springs section. Her only immediate survivor is the adopted son, Percy, one of the two occupants of the home to escape death in the flames, Wednesday.

Mrs. Violet McKee, 24-year-old mother of Mary Alice, is survived by her husband, Pvt. Huber McKee, serving with the U. S. Army in Kansas; her father, Glenn Reese, Gettysburg R. 5; the daughter and two sisters, Mrs. Jacob Warrenfeltz, Fairfield R. 1, and Miss Marie Reese, Gettysburg. Mrs. McKee's mother was the late Mary (Grosco) Reese.

Billy Leroy McKee is survived only by his father, Private McKee, and his sister, Mary Alice.

## Here And There News Collected At Random

Seven youngsters in Adams county need a foster home and soon six others will need homes for long-time care, Mrs. Elizabeth Grieb, Secretary of Child Welfare Services, with headquarters in Gettysburg, has announced.

These youngsters, ranging in age from 3 to 12, are children from broken homes. They are youngsters who need the care and attention of parents who have an interest in children, know how to care for them in order that they may be properly reared to take their place in life when they grow older.

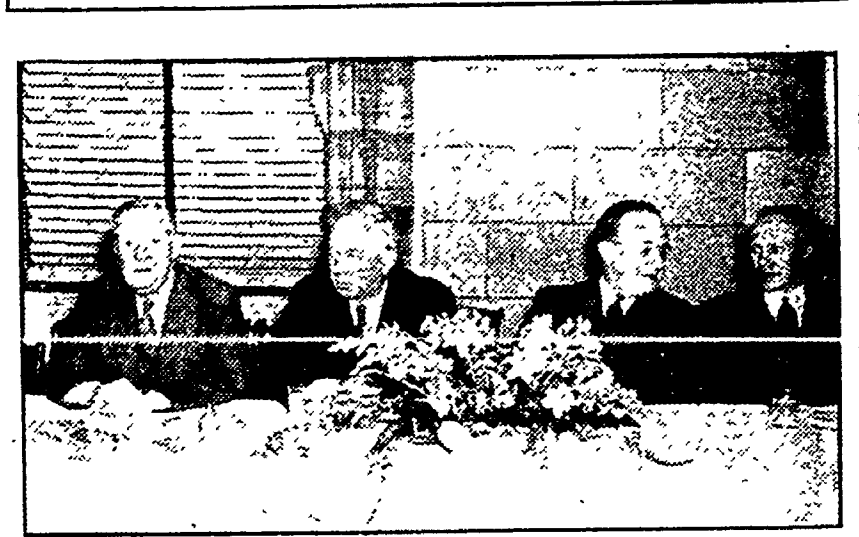

They are not orphans and they are not available for adoption. They do need help, however, and Mrs. Grieb's appeal is directed to those families who may be willing to render affectionate assistance where it is needed most.

Before these children are transferred to homes they are given physical examinations and the Welfare Services provides medical and dental care, clothing and board for each child.

Anyone interested in cooperating in this effort is urged to contact Mrs. Grieb at her office in the Murphy building or telephone 59-X.

The recent report of the Treasurer of the Gettysburg Chamber of Commerce revealed a healthy condition of the treasury. (Please Turn to Page 2)

## Governor At Luncheon Here

Governor Edward Martin, veteran of three wars and Pennsylvania's war-time chief executive, is shown at the luncheon meeting in the Hotel Gettysburg, Monday noon, where he completed arrangements for the May 30th observance here. In the above photograph are left to right: Frank Bane, Chicago executive secretary of the Council of State Governments; Governor Martin; Henry M. Scharf, manager of the Hotel Gettysburg and host at the luncheon; and Floyd Chalfant, secretary of the Department of Commerce.

## COUNTY TOPS BOND QUOTA BY \$683,300

Adams county exceeded its Fourth War Bond quota by \$683,300 according to a report from the Federal Reserve District released today.

Total sales reached \$2,730,900. Sales to individuals totaled \$1,002,100, exceeding that quota by \$77,537.

In commenting on the final figures Edmund W. Thomas, Chairman of the County War Finance Committee, said:

"While the official report of sales of series E bonds shows that we fell short of the quota by \$9,667 the unofficial records kept in the County show that we are over the top on E bonds sales too. The total official sales of this particular series, amounting to \$484,900 represent the biggest sale of series E bonds went on sale. The quota for this particular series was \$494,567 and the official sales totaled \$484,900.00.

Expresses Thanks

"Speaking for all the Adams County men and women in the service, and on behalf of the Adams County War Finance Committee, there are simply no words to express the true gratitude for a patriotic duty so well done by the individual and the business interests of Adams County.

"To all the people who worked on this committee and to the banks of Adams County, there goes a great degree of credit. I cannot thank them enough. With an organizational set-up like this, Adams County can look forward to any future War Bond drive with confidence. In thanking all these good people and in extending credit where credit is due, Adams County can be proud of the fact that their county was the first in all the 67 counties of Pennsylvania to exceed their quota in total sales. To everyone who in any way contributed to this remarkable record, I again say, on behalf of the Adams County committee, thank you very much."

NEW FEVER CASE

A second case of scarlet fever was placed under quarantine today in the home of Mr. and Mrs. Reuben Bair, Littlestown R. 2, Union township, by William I. Shields, the county health officer. Reuben, Jr., aged eight years, a pupil in the St. Aloysius parochial school at Littlestown, is the new patient.

## COMMISSIONERS ADOPT BUDGET

The Adams county commissioners Wednesday adopted finally a budget calling for \$233,385.75 and a tax rate of 4 1/2 mills for the general fund and 2 mills for the institution district.

There were no changes from the budget tentatively adopted a month ago and placed on file for a 30-day period to allow counties to make any suggested changes in the amounts set forth for the coming year.

The budget sets aside \$50,000 for a proposed jail and \$30,000 for repairs at the Adams county home in the event that such work can be done during the coming year.

The commissioners also appointed E. S. Guise, York Springs, as tax collector for that borough to fill the vacancy caused by the death of Miss E. L. Wierman. Herbert J. Motter was appointed assessor for the first ward of Littlestown to fill the vacancy caused by the death of Harry Mehning.

The resignations of Mrs. Sarah A. Myers as assessor of the first ward in Gettysburg and Charles Brothers as tax collector of Berwick township were accepted.

## NEW ASSISTANT TO FARM AGENT

Howard Walker, Norristown R. D. dairy farmer who graduated from Pennsylvania State College two weeks ago has been named assistant county farm agent for Adams and York counties succeeding Russell F. Mollenauer, County Agent M. T. Hartman announced today.

Mr. Walker began his duties here this morning.

Mr. Mollenauer, who had been assistant in York and Adams counties since March 1937 has been appointed assistant county agent in Crawford county succeeding L. K. Shoemaker who resigned March 1.

Mr. Walker attended the Upper Merion township high school before beginning his course at Penn State College. He was associated with his father in a dairying business in Montgomery county.

## BIGLER CAGERS GIVEN BANQUET ON WEDNESDAY

Biglerville high school's basketball squads were guests of honor at a banquet held Wednesday evening in the high school building.

Ray Shetter, a member of the faculty, presided as toastmaster. Group singing was led by Prof. Charles L. Yost. The invocation was given by W. K. Klinefelter, president of the Biglerville school board.

Coaches Cecil Snyder, of the boys' team, and Samuel Ehlman, of the girls' squad, briefly reviewed the records for their teams made during the past season and commented on prospects for next year.

Girls Receive Trophy

A bronze trophy awarded to the Biglerville girls for having the West Shore league championship, was presented by Coach Ehlman to Miss Betty Roddy, top scorer on the team, who accepted on behalf of the team. Miss Roddy in turn presented the trophy to Prof. L. V. Stock, supervising principal of the Biglerville schools. It will be placed with other athletic trophies.

Don Bream, sports editor of The Gettysburg Times, spoke briefly.

Included among the guests at the banquet were members of the school board and faculty members.

The chicken dinner was prepared and served by the senior Home Economic girls under the direction of Miss Ruth Hannigan, Home Economics instructor.

During the evening Coach Ehlman, whose girls' team was undefeated and won 13 straight, announced individual scoring records which revealed Miss Betty Roddy as the leader with 180 points. Her sister, (Please Turn to Page 2)

## Plan Southeastern Firemen's Meeting

Plans for the meeting of the Southeastern Pennsylvania Firemen's Association here April 20 were discussed Wednesday evening at the March session of the Gettysburg fire company.

Raymond Menges was appointed chairman of a committee to provide entertainment for the firemen's group at the session to be held in the engine house. Other members of the committee were named as George March, Emory Strausbaugh, Mervin Crouse and Edward Anzenberger.

Plans for the March salvage drive were discussed but no final date was immediately named for the drive. President James B. Aumen presided with about 40 members present.

## Weather Forecast

Clearing and continued cold tonight; Friday fair and cold.

## TO SEND NURSE FOR COURSE IN POLIO REMEDY

Proceeds from the Clair Tree Major play to be presented in the auditorium of the Gettysburg high school March 22 at 3 p. m. will be used to pay the tuition of a local nurse at a Sister Kenny course in treatment for infantile paralysis it was decided Wednesday afternoon at the March meeting of the Woman's Club of Gettysburg.

The Woman's club announced its hope that the presentation of "The Five Little Peppers" for the education and entertainment of the town's school youngsters and adults who may care to attend would be sufficiently profitable to pay all expenses for a local nurse to take the Sister Kenny course. The course is on the treatment of infantile paralysis discovered accidentally by an Australian nurse which radically changed the approved methods of treatment for the dread disease when Sister Kenny's methods produced what up to then seemed miraculous cures of the disease.

No Profit For Club

The nurse who will be sent to take the course will return to Gettysburg to instruct other nurses here so that there will be sufficient trained nurses in town in event of an infantile paralysis epidemic in the future.

There will be no profit to the Woman's club from the play.

Mrs. Harold Pegg, chairman of the play project, announced that tickets for patrons are available at \$1 and that regular tickets are 60 cents for adults and 35 cents for children.

Dr. Tilberg Speaks

Dr. Frederick Tilberg, historian for the Gettysburg National Park, showed a number of photographs of the Battlefield and explained the various details in connection with the pictures.

National parks were established by the initiative of individuals and communities rather than by the Federal government, Dr. Tilberg said. Among the organizations starting parks were the Gettysburg Battlefield Memorial Association which conducted the local battlefield from 1864 to 1895.

The military parks were originally under the War Department, Dr. Tilberg said, but under the Coolidge administration discussions were begun on a more economical manner of handling various phases of the government's activities. In the Economy act proposed under the Hoover administration it was suggested that the parks be transferred to the Department of Interior where the National Park Service could take full control of all parks. Congress voted that it would be unnecessary to pass legislation for the proposed change and said that the matter could be put through in the form of an executive order. Before President Hoover could sign the executive order his term of office ended and the executive order was signed by the incoming President Roosevelt in 1933.

## DANNER HEADS ASSISTANCE BD.

M. Stuart Danner, East Berlin, was elected chairman of the Adams County Assistance board Wednesday afternoon to fill the unexpired term of H. Steele Stuchell, York Springs burgess, who presented his resignation as chairman Wednesday because of imminent induction into the U. S. armed forces.

Mr. Stuchell had been chairman of the county board since January replacing Banks E. Benner, Fairfield, who resigned at that time.

It was reported that the case load of the county assistance office had increased by 10 over January with six of the cases being pensions for blind persons. The total case load was given as 674 with 442 receiving old age assistance, 77 blind pensions, 92 aid to dependent children and 63 general assistance. The number of cases is 34 less than the number on the rolls a year ago, Mrs. Verna Myers, director, reported.

The next meeting of the group will be held April 3 with a dinner at Schottie's restaurant, Littlestown.

STOCKING STREAMS

John S. Ogden, state fish warden, of York and Adams counties, has announced today rainbow brook and brown trout will be placed in Marsh creek, Little Marsh creek, Toms run and Middle creek, all in Adams county.

MARRIES ENSIGN

Miss Adda Virginia Pensinger, sister of Paul Pensinger, West Middle street, was married February 23 to Ensign R. William Higgins, USNR, in the Naval Air Station Chapel, Pensacola, Florida. Miss Pensinger has frequently visited Gettysburg.

## Aids Landings On Jap-Held Islands

Mr. and Mrs. J. D. Clapsaddle, Gettysburg R. 1, received word recently from three of their children now serving with the armed forces.

Jesse, of the Seabees, in a recent letter, stated he had aided in landing U. S. forces on two Jap-held islands. Pvt. Marilyn Clapsaddle is now in the British Isles and Lt. Ruby Clapsaddle, of the Nurses' Corps is stationed in West French Africa.

Two other sons, Clair, is in the South Pacific, and Harley, is stationed at Olathe, Kansas. Another son, Harold, was inducted into the Navy last week and expects to be called for duty in the near future.

## RED CROSS WAR FUND GOES OVER \$3,000 TODAY

Contributions to the Adams county Red Cross War Relief fund reached \$3,043.51 today with the amount collected so far throughout the county estimated as being much more than the official figures show.

At least \$800 more has been collected. The Rev. Kenneth D. James, Littlestown area chairman, reported this morning that he had banked that amount in collections in his area and would turn over the entire proceeds from that section in about a week. That amount, however, is not credited to the total until the list of donors and the money itself is turned over to the county office.

A number of other chairmen have also reported large sums as being turned in to them so far and are holding the money until further contributions are made. Numerous solicitors have also reported having made large collections which are not as yet accredited to the county total. The amount, however, is still far short of the \$26,500 needed by the end of March if the county is to reach its total.

New Donors Listed

Three \$25 donations, by C. W. Epley, Pape's Fruit farms and the Aspers Water company, were announced today together with a \$20 donation from Mr. and Mrs. J. J. Rex. It was announced that Mrs. George D. Stanley had given \$25 to be credited to the Hetaeria club. "A friend" gave \$15.

Other Donors include:

## TWO SISTERS LOSE LIVES IN FLORIDA LAKE

Anna Jane Lehigh, 8, and her sister, Bertha M. Lehigh, 10, daughters of Mr. and Mrs. C. N. Lehigh, Eagle Lake, Fla., former residents of East Berlin, were among the four children who drowned late Sunday afternoon in Lake Eloise, about four miles east of Eagle Lake, when the comparatively small boat of which they were occupants sank about 60 feet from the shore.

Shifting of the children from one seat to another was given as the cause for the boat to start taking water over the sides, and in a few moments it had filled and sunk, leaving all ten persons, seven children and three adults, floundering in the water. The adults were the mothers of the dead children and Thomas Higner, a step-brother of the two drowned boys, who was piloting the boat. They pulled as many of the children to shore as possible, but were unable to save the four who sank. Exhausted, the adults themselves barely made the shore. The water was about eight feet deep where the boat sank.

Services At East Berlin  
Mr. and Mrs. Lehigh and their family moved to Winter Haven, Fla., early last fall from Hanover. Prior to that they had resided at East Berlin. They moved from Winter Haven to Eagle Lake about three weeks ago. Mr. Lehigh is employed by the Eagle Lake Citrus Growers' Cooperative.

Surviving the two girls in addition to their parents, are Ruth E. and Evelyn M. Lehigh, older sisters, who were in the boat; another sister, Grace, and two brothers, Cyrus Jr., and Paul, all of whom were on the shore.

The bodies of the two girls were sent to York, arriving there Wednesday morning.

Friends may call at the Feiser funeral home in Hanover this evening. Funeral services Friday afternoon at 2 o'clock in Mummert's Meeting house, near East Berlin, the Rev. Lurman Snyder, York, officiating. Interment in Mummert's Meeting house cemetery.

The bodies will be in state in the church from 1:30 p. m. Friday until the hour of the service.

# Allies Blast 301 Nazis In 2 Assaults

By GLADWIN HILL

London, March 9 (AP)—Waves of Allied planes, beating at Hitler's Europe in another of their almost daily invasions, roared across the channel today in swift sequence to yesterday's mighty American blasting of Berlin.

Although low-hanging clouds obscured the identity of the forces, they apparently were four-engined bombers headed for Germany. The swift fading of German-controlled radio stations hinted at the fourth big American strike since Saturday.

Yesterday's operation, involving from 850 to 1,000 bombers meanwhile was disclosed to have taken a toll of 125 planes of the enemy's determined fighter forces.

Bombers Bag 42 Ships

Forty-two of these were shot down by the bombers and 83 by the swarm of American and Allied fighters.

This tally brought to 301 the number of enemy planes accounted for in two great sallies against the German capital, Monday and Wednesday.

Thirty-eight of the big American bombers were lost, compared with the 68 on Monday, while fighter losses totalled 15 instead of the 16 as first reported yesterday. Eleven fighters were lost Monday.

In addition to the damage done Hitler's force in the air, a U. S. headquarters announcement said all four of the main buildings of the VKF ballbearing factory at Erkner in the suburbs of Berlin were bombed yesterday. At least one was seriously damaged and left burning, while smoke so obscured the other three that the damage could not be discerned.

Balk Nazi Fighters

Three buildings of a factory making torpedoes also were set afire.

The German high command in its communique today admitted that damage was suffered from the attack but asserted 112 Allied aircraft, including 66 four-engined bombers, were brought down.

"Our very strong fighter escort defeated them again," a U. S. communique declared, however.

The announcement declared the enemy attempts to disrupt the formations of Flying Fortresses and Liberators were "without success."

The margin of victory for the Yankee fighter planes was almost as great as the 83-to-11 score rung up in Monday's large-scale American daylight assault on Hitler's seared and crumbling capital.

Exclusive of the enemy fighters destroyed yesterday by bomber gunners, not yet tabulated, the American airmen claimed a total of 259 Nazi planes shot down in the two great punches at Berlin.

Bombers on Monday knocked down 93 enemy planes for a full day toll of 176.

"Thousands Killed"

While five more escorting fighters fell yesterday than on Monday, the bomber loss was almost halved—from 86 to 38 out of a force of possible 850 to 1,000.

Yesterday's divisions of Fortresses and Liberators, hitting Berlin in the third U. S. heavy bomber attack since American Thunderbolt fighters made their pioneer sweep over the enemy capital last Friday, concentrated their explosives "with good results" on a ballbearing factory in suburban Erkner, the communique said.

On this and other industrial targets in the city the bombers poured more than 10,000 high explosives, then set the wreckage aflame with more than 350,000 incendiary bombs.

Stockholm dispatches to London morning newspapers quoted the Norgon Tidningen as reporting from Berlin that "thousands of persons were killed" and hundreds of fires started.

Crewmen told of seeing towers of black smoke still visible when they were 100 miles on their homeward journey.

Sgt. Gladhill Is Listed As Dead

Staff Sgt. Harbard Gladhill, son of Mrs. Sara Gladhill, Emmitsburg, who had been reported "missing in action" on the battlefields of northern Africa, has been officially listed as dead by the War department. Sergeant Gladhill had been awarded the Silver Star medal for outstanding bravery in the line of duty.

The circumstances upon which he was reported missing were that he, despite intense fire of enemy machine gun and mortars, had remained at his own machine gun until it was destroyed by an enemy mortar shell, and then, although seriously wounded, continued to fire his rifle.

18 ABOVE ZERO  
A low of 18 degrees above zero was reached here during Wednesday night, according to the instruments of Dr. Henry Stewart, local observer. The minimum reading at Arendtsville was 15 degrees.

Army in Kansas; her father, Glenn Reese, Gettysburg R. 5; the daughter and two sisters, Mrs. Jacob Warrenfeltz, Fairfield R. 1, and Miss Marie Reese, Gettysburg. Mrs. McKee's mother was the late Mary (Grosch) Reese.

Billy Leroy McKee is survived only by his father, Private McKee, and his sister, Mary Alice.

## Here And There News Collected At Random

Seven youngsters in Adams county need a foster home and soon six others will need homes for long-time care, Mrs. Elizabeth Grieb, Secretary of Child Welfare Services, with headquarters in Gettysburg, has announced.

These youngsters, ranging in age from 3 to 12, are children from broken homes. They are youngsters who need the care and attention of parents who have an interest in children, know how to care for them in order that they may be properly reared to take their place in life when they grow older.

They are not orphans and they are not available for adoption. They do need help, however, and Mrs. Grieb's appeal is directed to those families who may be willing to render affectionate assistance where it is needed most.

Before these children are transferred to homes they are given physical examinations and the Welfare Services provides medical and dental care, clothing and board for each child.

Anyone interested in cooperating in this effort is urged to contact Mrs. Grieb at her office in the Murphy building or telephone 59-X.

The recent report of the Treasurer of the Gettysburg Chamber of Commerce revealed a healthy condition of the treasury.

## COUNTY TOPS BOND QUOTA BY \$683,300

Adams county exceeded its Fourth War Bond quota by \$683,300 according to a report from the Federal Reserve District released today.

Total sales reached \$2,730,900. Sales to individuals totaled \$1,002,100, exceeding that quota by \$77,537.

In commenting on the final figures Edmund W. Thomas, Chairman of the County War Finance Committee, said:

"While the official report of sales of series E bonds shows that we fell short of the quota by \$9,667 the unofficial records kept in the County show that we are over the top on E bonds sales too. The total official sales of this particular series, amounting to \$484,900 represent the biggest sale of series E bonds went on sale. The quota for this particular series was \$494,567 and the official sales totaled \$484,900.

### Expresses Thanks

"Speaking for all the Adams County men and women in the service, and on behalf of the Adams County War Finance committee, there are simply no words to express the true gratitude for a patriotic duty so well done by the individual and the business interests of Adams County.

"To all the people who worked on this committee and to the banks of Adams County, there goes a great degree of credit. I cannot thank them enough. With an organizational set-up like this, Adams County can look forward to any future War Bond drive with confidence. In thanking all these good people and in extending credit where credit is due, Adams County can be proud of the fact that their county was the first in all the 67 counties of Pennsylvania to exceed their quota in total sales. To everyone who in any way contributed to this remarkable record, I again say, on behalf of the Adams County committee, thank you very much."

### NEW FEVER CASE

A second case of scarlet fever was placed under quarantine today in the home of Mr. and Mrs. Reuben Bair, Littlestown R. 2, Union township, by William I. Shields, the county health officer. Reuben, Jr., aged eight years, a pupil in the St. Aloysius parochial school at Littlestown, is the new patient.

## COMMISSIONERS ADOPT BUDGET

The Adams county commissioners Wednesday adopted finally a budget calling for \$233,385.75 and a tax rate of 4 1/4 mills for the general fund and 2 mills for the institution district.

There were no changes from the budget tentatively adopted a month ago and placed on file for a 30-day period to allow counties to make any suggested changes in the amounts set forth for the coming year.

The budget sets aside \$50,000 for a proposed jail and \$30,000 for repairs at the Adams county home in the event that such work can be done during the coming year.

The commissioners also appointed E. S. Guise, York Springs, as tax collector for that borough to fill the vacancy caused by the death of Miss E. L. Wierman. Herbert J. Motter was appointed assessor for the first ward of Littlestown to fill the vacancy caused by the death of Harry Mehring.

The resignations of Mrs. Sarah A. Myers as assessor of the first ward in Gettysburg and Charles Brothers as tax collector of Berwick township were accepted.

## NEW ASSISTANT TO FARM AGENT

Howard Walker, Norristown R. D. dairy farmer who graduated from Pennsylvania State College two weeks ago has been named assistant county farm agent for Adams and York counties succeeding Russell F. Mollenauer, County Agent M. T. Hartman announced today.

Mr. Walker began his duties here this morning.

Mr. Mollenauer, who has been assistant in York and Adams counties since March 1937 has been appointed assistant county agent in Crawford county succeeding L. K. Shoemaker who resigned March 1.

Mr. Walker attended the Upper Merion township high school before beginning his course at Penn State College. He was associated with his father in a dairy business in Montgomery county.

## BIGLER CAGERS GIVEN BANQUET ON WEDNESDAY

Biglerville high school's basketball squads were guests of honor at a banquet held Wednesday evening in the high school building.

Ray Shetter, a member of the faculty, presided as toastmaster. Group singing was led by Prof. Charles L. Yost. The invocation was given by L. W. Klinefelter, president of the Biglerville school board.

Coaches Cecil Snyder, of the boys' team, and Samuel Ehlman, of the girls' squad, briefly reviewed the records for their teams made during the past season and commented on prospects for next year.

A bronze trophy awarded to the Biglerville girls for having the West Shore league championship, was presented by Coach Ehlman to Miss Betty Roddy, top scorer on the team, who accepted on behalf of the team. Miss Roddy in turn presented the trophy to Prof. L. V. Stock, supervising principal of the Biglerville schools. It will be placed with other athletic trophies.

Don Bream, sports editor of The Gettysburg Times, spoke briefly. Included among the guests at the banquet were members of the school board and faculty members.

The chicken dinner was prepared and served by the senior Home Economic girls under the direction of Miss Ruth Hannigan, Home Economics instructor.

During the evening Coach Ehlman, whose girls' team was undefeated and won 13 straight, announced individual scoring records which revealed Miss Betty Roddy as the leader with 180 points. (Please Turn to Page 2)

## Plan Southeastern Firemen's Meeting

Plans for the meeting of the Southeastern Pennsylvania Firemen's Association here April 20 were discussed Wednesday evening at the March session of the Gettysburg fire company.

Raymond Menges was appointed chairman of a committee to provide entertainment for the firemen's group at the session to be held in the engine house. Other members of the committee were named as George March, Emory Strausbaugh, Mervin Crouse and Edward Anzen-gruber.

Plans for the March salvage drive were discussed but no final date immediately named for the drive. President James B. Aumen presided with about 40 members present.

### Weather Forecast

Clearing and continued cold tonight; Friday fair and cold.

New shipment of skirts, 9 to 15, The Smart Shoppe, "The Little Shop On Canale Street."

## TO SEND NURSE FOR COURSE IN POLIO REMEDY

Proceeds from the Clair Tree Major play to be presented in the auditorium of the Gettysburg high school March 22 at 3 p. m. will be used to pay the tuition of a local nurse at a Sister Kenny course in treatment for infantile paralysis it was decided Wednesday afternoon at the March meeting of the Woman's Club of Gettysburg.

The Woman's club announced its hope that the presentation of "The Five Little Peppers" for the education and entertainment of the town's school youngsters and adults who may care to attend would be sufficiently profitable to pay all expenses for a local nurse to take the Sister Kenny course. The course is on the treatment of infantile paralysis discovered accidentally by an Australian nurse which radically changed the approved methods of treatment for the dread disease when Sister Kenny's methods produced what up to then seemed miraculous cures of the disease.

### No Profit For Club

The nurse who will be sent to take the course will return to Gettysburg to instruct other nurses here so that there will be sufficient trained nurses in town in event of an infantile paralysis epidemic in the future.

There will be no profit to the Woman's club from the play.

Mrs. Harold Pegg, chairman of the play project, announced that tickets for patrons are available at \$1 and that regular tickets are 60 cents for adults and 35 cents for children.

### Dr. Tilberg Speaks

Dr. Frederick Tilberg, historian for the Gettysburg National Park, showed a number of photographs of the Battlefield and explained the various details in connection with the pictures.

National parks were established by the initiative of individuals and communities rather than by the Federal government, Dr. Tilberg said. Among the organizations starting parks were the Gettysburg Battlefield Memorial association which conducted the local battlefield from 1864 to 1895.

The military parks were originally under the War Department, Dr. Tilberg said, but under the Coolidge administration discussions were begun on a more economical manner of handling various phases of the government's activities. In the Economy act proposed under the Hoover administration it was suggested that the parks be transferred to the Department of Interior where the National Park Service could take full control of all parks. Congress voted that it would be unnecessary to pass legislation for the proposed change and said that the matter could be put through in the form of an executive order. Before President Hoover could sign the executive order his term of office ended and the executive order was signed by the incoming President Roosevelt in 1933.

Mrs. Paul Thomas, chairman of the Woman's club sponsored war bond and stamp booth at the March session of the club. (Please Turn to Page 2)

## DANNER HEADS ASSISTANCE BD.

M. Stuart Danner, East Berlin, was elected chairman of the Adams County Assistance board Wednesday afternoon to fill the unexpired term of H. Steele Stuchell, York Springs burgess, who presented his resignation as chairman Wednesday because of imminent induction into the U. S. armed forces.

Mr. Stuchell had been chairman of the county board since January replacing Banks E. Benner, Fairfield, who resigned at that time.

It was reported that the case load of the county assistance office had increased by 10 over January with six of the cases being pensions for blind persons. The total case load was given as 674 with 442 receiving old age assistance, 77 blind pensions, 92 aid to dependent children and 63 general assistance. The number of cases is 34 less than the number on the rolls a year ago, Mrs. Verna Myers, director, reported.

The next meeting of the group will be held April 3 with a dinner at Schottie's restaurant, Littlestown.

### STOCKING STREAMS

John S. Ogden, state fish warden, of York and Adams counties, has announced today rainbow, brook and brown trout will be placed in Marsh creek, Little Marsh creek, Toms run and Middle creek, all in Adams county.

### MARRIES ENSIGN

## Aids Landings On Jap-Held Islands

Mr. and Mrs. J. D. Clapsaddle, Gettysburg R. 1, received word recently from three of their children now serving with the armed forces.

Jesse, of the Seabees, in a recent letter, stated he had aided in landing U. S. forces on two Jap-held islands. Pvt. Marilyn Clapsaddle is now in the British Isles and Lt. Ruby Clapsaddle, of the Nurses' Corps is stationed in West French Africa.

Two other sons, Clair, is in the South Pacific, and Harley, is stationed at Olathe, Kansas. Another son, Harold, was inducted into the Navy last week and expects to be called for duty in the near future.

## RED CROSS WAR FUND GOES OVER \$3,000 TODAY

Contributions to the Adams county Red Cross War Relief fund reached \$3,043.51 today with the amount collected so far throughout the county estimated as being much more than the official figures show.

At least \$800 more has been collected. The Rev. Kenneth D. James, Littlestown area chairman, reported this morning that he had banked that amount in collections in his area and would turn over the entire proceeds from that section in about a week. That amount, however, is not credited to the total until the list of donors and the money itself is turned over to the county office.

A number of other chairmen have also reported large sums as being turned in to them so far and are holding the money until further contributions are made. Numerous solicitors have also reported having made large collections which are not as yet accredited to the county total. The amount, however, is still far short of the \$26,500 needed by the end of March if the county is to reach its total.

### New Donors Listed

Three \$25 donations, by C. W. Epley, Page's Fruit farms and the Aspers Water company, were announced today together with a \$20 donation from Mr. and Mrs. J. J. Rex. It was announced that Mrs. George D. Stahley had given \$25 to be credited to the Heteria club. "A friend" gave \$15.

## TWO SISTERS LOSE LIVES IN FLORIDA LAKE

Anna Jane Lehigh, 8, and her sister, Bertha M. Lehigh, 10, daughters of Mr. and Mrs. C. N. Lehigh, Eagle Lake, Pa., former residents of East Berlin, were among the four children who drowned late Sunday afternoon in Lake Eloise, about four miles east of Eagle Lake, when the comparatively small boat of which they were occupants sank about 60 feet from the shore.

Shifting of the children from one seat to another was given as the cause for the boat to start taking water over the sides, and in a few moments it had filled and sunk, leaving all ten persons, seven children and three adults, floundering in the water. The adults were the mothers of the dead children and Thomas Higner, a step-brother of the two drowned boys, who was piloting the boat. They pulled as many of the children to shore as possible, but were unable to save the four who sank. Exhausted, the adults themselves barely made the shore. The water was about eight feet deep where the boat sank.

### Services At East Berlin

Mr. and Mrs. Lehigh and their family moved to Winter Haven, Fla., early last fall from Hanover. Prior to that they had resided at East Berlin. They moved from Winter Haven to Eagle Lake about three weeks ago. Mr. Lehigh is employed by the Eagle Lake Citrus Growers Cooperative.

Surviving the two girls in addition to their parents, are Ruth E. and Evelyn M. Lehigh, older sisters who were in the boat; another sister, Grace, and two brothers, Cyrus Jr., and Paul, all of whom were on the shore.

The bodies of the two girls were sent to York, arriving there Wednesday morning.

Friends may call at the Feiser funeral home in Hanover this evening. Funeral services Friday afternoon at 2 o'clock in Mummert's Meeting house, near East Berlin. The Rev. Lurman Snyder, York, officiating. Interment in Mummert's Meeting house cemetery.

The bodies will lie in state in the church from 1:30 p. m. Friday until the hour of the service.

# Allies Blast 301 Nazis In 2 Assaults

By GLADWIN HILL

London, March 9 (AP)—Waves of Allied planes, beating at Hitler's Europe in another of their almost daily invasions, roared across the channel today in swift sequence to yesterday's mighty American blasting of Berlin.

Although low-hanging clouds obscured the identity of the forces, they apparently were four-engined bombers headed for Germany. The swift fading of German-controlled radio stations hinted at the fourth big American strike since Saturday.

Yesterday's operation, involving from 850 to 1,000 bombers meanwhile was disclosed to have taken a toll of 125 planes of the enemy's determined fighter forces.

### Bombers Bag 42 Ships

Forty-two of these were shot down by the bombers and 83 by the swarm of American and Allied fighters.

This tally brought to 301 the number of enemy planes accounted for in two great sallies against the German capital, Monday and Wednesday.

Thirty-eight of the big American bombers were lost, compared with the 68 on Monday, while fighter losses totalled 15 instead of the 16 as first reported yesterday. Eleven fighters were lost Monday.

In addition to the damage done Hitler's force in the air, a U. S. headquarters announcement said all four of the main buildings of the VKF ballbearing factory at Erkner in the suburbs of Berlin were bombed yesterday. At least one was seriously damaged and left burning, while smoke so obscured the other three that the damage could not be discerned.

### Balk Nazi Fighters

Three buildings of a factory making torpedos parts also were set afire.

The German high command in its communique today admitted that damage was suffered from the attack but asserted 112 Allied aircraft, including 66 four-engined bombers, were brought down.

"Our very strong fighter escort defeated them again," a U. S. communique declared, however.

The announcement declared the enemy attempts to disrupt the formations of Flying Fortresses and Liberators were "without success." The margin of victory for the Yankee fighter planes was almost as great as the 83-to-11 score rung up in Monday's large-scale American daylight assault on Hitler's seared and crumbling capital.

Exclusive of the enemy fighters destroyed yesterday by bomber gunners, not yet tabulated, the American airmen claimed a total of 259 Nazi planes shot down in the two great punches at Berlin.

Bombers on Monday knocked down 93 enemy planes for a full day toll of 176.

"Thousands Killed"  
While five more escorting fighters fell yesterday than on Monday, the bomber loss was almost halved—from 68 to 38 out of a force of possible 850 to 1,000.

Yesterday's divisions of Fortresses and Liberators, hitting Berlin in the third U. S. heavy bomber attack since American Thunderbolt fighters made their pioneer sweep over the enemy capital last Friday, concentrated their explosives "with good results" on a ballbearing factory in suburban Erkner, the communique said.

On this and other industrial targets in the city the bombers poured more than 10,000 high explosives, then set the wreckage aflame with more than 350,000 incendiary bombs.

Stockholm dispatches to London morning newspapers quoted the Norgon Tidningen as reporting from Berlin that "thousands of persons were killed" and hundreds of fires started.

Crewmen told of seeing towers of black smoke still visible when they were 100 miles on their homeward journey.

## Sgt. Gladhill Is Listed As Dead

Staff Sgt. Harbard Gladhill, son of Mrs. Sara Gladhill, Emmitsburg, who had been reported "missing in action" on the battlefields of northern Africa, has been officially listed as dead by the War department. Sergeant Gladhill had been awarded the Silver Star medal for outstanding bravery in the line of duty.

The circumstances upon which he was reported missing were that he, despite intense fire of enemy machine gun and mortars, had remained at his own machine gun until it was destroyed by an enemy mortar shell, and then, although seriously wounded, continued to fire his rifle.

John P. Butt, Esq., is chairman of the committee which secured the honor roll. He will make the presentation of the plaque to the court Monday at 10 a. m. at the opening of the day's session. Letters have been sent the parents and wives of all lawyers listed on the roll informing them of the presentation. Six county lawyers are now in service and another county lawyer has passed final physical examination preparatory to being called into service.

### 18 ABOVE ZERO

A low of 18 degrees above zero was reached here during Wednesday night, according to the instruments of Dr. Henry Stewart, local observer. The minimum reading at Ardentville was 15 degrees.

# BERLIN RATED AN IMPORTANT TARGET OF WAR

By DEWITT MACKENZIE  
Associated Press War Analyst

When word came through that our Yankee airmen had dumped 350,000 incendiaries and 10,000 high-explosive bombs into an already shattered Berlin I was pondering the implications of the protest by some groups in America and Britain against so-called "obliteration" bombing of German cities.

A wise-cracking editor called across the room to me, "that ought to burn the Fuehrer up." Bad puns sometimes carry great truths, and I promptly seized on this fresh bombing as a yardstick against which to measure the reasonableness of the plea that Hitlerite towns be spared. What's the justification for the assault on Berlin?

Well, there are two prime reasons, either of which is of vast military importance. One is that the capital is among Europe's greatest industrial cities and therefore one of Hitler's chief centers for war production. The other and even more important reason is that Berlin is the hub of Germany's huge network of railways, and prior to the war the Reich was operating a greater mileage than any other country in the world, in proportion to area.

Railway "Hub"

Berlin is more than a railway "hub." It's a bottle-neck for most of the main lines running across not only Germany but Europe. Obviously this bottle-neck renders Hitler highly vulnerable. He must keep it open, for without transportation for his supplies and troops he is sunk. That's something to remember well as the Allied invasion of western Europe approaches, and the Nazis need speedy communication between their eastern and western fronts.

An important point about Berlin—and this is true of some other cities—is that the entire metropolis is filled from circumference to center with military objectives. If you wipe out these objectives you must just about destroy the town.

Transportation is one of Germany's weakest points. That's Hitler's fault. When he was preparing for war he allowed his infallible intuition to persuade him to neglect the railroads in favor of the mighty military highways which he built. It never occurred to him that the time would arrive when he would lack gas and rubber tires to keep his motor transport speeding over his beautiful autobahns.

Rails In Bad Shape

He finally was compelled to place his main dependence once more on the despised railways and canals. By that time the roads had run down and their rolling-stock was in bad shape. So the Allied bombers went after the railways, and the locks and other vulnerable parts of the canals. Those canals are important, for Germany has been one of the world's greatest users of this form of transport.

But to get back to our muttons, as our English friends say, a dozen main railway lines run into that hub which is Berlin. There's a ringbahn, or outer circle of railway around the city, and this is an integral part of an ingenious system connecting the terminals of the main lines.

So with its railways and widespread industries Berlin is one vast military target. When American and British bombers attack the Nazi capital they aren't trying to bomb objectives which aren't of military importance. Most certainly they aren't hunting civilians. I know from personal acquaintance with their methods that they studiously try to avoid non-military bombing.

If civilians and historic monuments are in the way in Berlin—that's the war which the Nazi dictator forced upon the world. Berlin is the key position from which he has caused the slaughter of millions, military and civilian—from which he literally has enslaved many millions more.

Berlin is the chief citadel which stands between the Allies and victory.

# TESTIFY FOR DEFENDANT IN BEATING CASE

Uniontown, Pa., March 9 (AP)—The defense prepared to rest its case today after calling witnesses to testify that Rev. George Elmer Schott, 54-year-old minister on trial for assault with intent to kill, seemed "mentally unstable" at the time the state charges he clubbed his wife with "a miniature baseball bat."

A jury of seven men and five women heard testimony yesterday from relatives and fellow clergymen who maintained the defendant was under "mental strain" last Jan. 4 when the alleged beating of his wife, Garnet Jane, 33, took place at their parsonage at nearby Vanderbilt.

Rev. Schott's son, Curtis Vernon Schott, 17, who testified he left home last June 18, because there was "ill-feeling at home between my father and stepmother," said:

3 Ministers Testify

"I have heard her curse him when I would be in my workshop. I heard her tell him that the ministry was the 'sickest racket' she had ever heard of and she advised me several times to take up the ministry if I wanted to get through life the easy way."

Three Methodist ministers, Rev. Alden J. Allen, Dr. John Wesley Schell and Rev. William Scott Hamilton, told of noticing "changes" in Rev. Schott's personality.

Rev. Hamilton said he thought "there was something far wrong with him mentally," and then Rev. Schell added: "His mind must be affected in some way. He becomes exceedingly excited."

Under cross-examination by District Attorney Cottom, Rev. Schott said:

"Things came back to me only just wavy. I didn't regain full composure until a week after I had had the quietude of the jail."

# ARMY PRIVATE TO GET AWARD

Pvt. Will W. Whalen, nephew of the Rev. Fr. Will Whalen, who for over 20 years was pastor of St. Ignatius Catholic church, Buchanan valley and who is now at St. Pius' church, Bronx, New York, has been cited for bravery in action in Italy and recommended to receive the Silver Star award. Pvt. Whalen was baptized at St. Ignatius church.

A paratrooper, Pvt. Whalen disregarded his own safety to lead a patrol of medical officers through enemy fire to remove the wounded according to the citation. The citation was written to the Commanding General of the 82nd Airborne Division by Pvt. Whalen's executive officer, Lt. Arthur W. Miller and states in part: "Will W. Whalen, Pvt. For gallantry in action October 6, 1943 in the city of Arnone, Italy. Pvt. Whalen volunteered to escort back into the town of Arnone a patrol of litter bearers and medical officers that had as its mission the searching out of the wounded that had been reported left behind when the town was evacuated by Co. F, 505th Prent. Inf. Through machine gun and shell fire the patrol was taken safely into and out of the town and the mission completed."

Pvt. Whalen is on furlough in Ireland at present.

Father Whalen is connected with the American-Irish theater in the Bronx in addition to his pastoral duties at St. Pius' church. Two of Father Whalen's plays "War Wife" and "Sick Cats" are among the productions that have been presented at the theater. Father Whalen has also written a new book, a detective novel, "The Priest Who Vanished."

# Stiffen Penalties Under Liquor Laws

Harrisburg, March 9 (AP)—Governor Martin laid down a policy to the Liquor Control board of revocation of licenses for violators of the law and cash compromise payments instead of suspensions "only under the most exceptional circumstances."

The Governor, addressing board members, attorneys, hearing examiners and district enforcement officers at a round table conference called to make plans to "get tough" with license holders who violate the liquor laws, said it was the aim of his administration "to put out of business what has been commonly referred to as 'dives'."

# 90,000 MINERS OUT ON STRIKE

London, March 9 (AP)—The Welsh coal strike assumed more alarming proportions today when a fresh wave of walkouts boosted the number of idle miners to 90,000—or about 90 per cent of the total in the coal fields.

A total of 165 mines now are idle as a result of the wage dispute, which is depriving Britain's war industries of sorely-needed fuel and threatening to cripple the transportation system.

The strike spread this morning to the Swansea anthracite district, when 14 pits closed there.

The new walkouts dealt a severe blow to optimism engendered late yesterday when it appeared that one of the chief obstacles to settlement of the dispute was removed at a conference of miners and operators presided over by Fuel Minister Lloyd George.

Lloyd George accepted an agreement between the operators and men permitting extra pay for those working in excessive dust and water and at the same time promised that "certain other matters" concerning allowances peculiar to South Wales would be considered "after the men have gone back to work."

Except in isolated instances, however, the miners ignored the fuel minister's appeal to return to the pits pending a full review of the wage problem.

# BERLIN RATED AN IMPORTANT TARGET OF WAR

By DEWITT MACKENZIE  
Associated Press War Analyst

When word came through that our Yankee airmen had dumped 350,000 incendiary and 10,000 high-explosive bombs into an already shattered Berlin I was pondering the implications of the protest by some groups in America and Britain against so-called "obliteration" bombing of German cities.

A wise-cracking editor called across the room to me, "that ought to burn the Fuehrer up." Bad puns sometimes carry great truths, and I promptly seized on this fresh bombing as a yardstick against which to measure the reasonableness of the plea that Hitlerite towns be spared. What's the justification for the assault on Berlin?

Well, there are two prime reasons, either of which is of vast military importance. One is that the capital is among Europe's greatest industrial cities and therefore one of Hitler's chief centers for war production. The other and even more important reason is that Berlin is the hub of Germany's huge network of railways, and prior to the war the Reich was operating a greater mileage than any other country in the world, in proportion to area.

## Railway "Hub"

Berlin is more than a railway "hub." It's a bottle-neck for most of the main lines running across not only Germany but Europe. Obviously this bottle-neck renders Hitler highly vulnerable. He must keep it open, for without transportation for his supplies and troops he is sunk. That's something to remember well as the Allied invasion of western Europe approaches, and the Nazis need speedy communication between their eastern and western fronts.

An important point about Berlin—and this is true of some other cities—is that the entire metropolis is filled from circumference to center with military objectives. If you wipe out these objectives you must just about destroy the town.

Transportation is one of Germany's weakest points. That's Hitler's fault. When he was preparing for war he allowed his inflexible intuition to persuade him to neglect the railroads in favor of the mighty military highways which he built. It never occurred to him that the time would arrive when he would lack gas and rubber tires to keep his motor transport speeding over his beautiful autobahns.

## Rails In Bad Shape

He finally was compelled to place his main dependence once more on the despised railways and canals. By that time the roads had run down and their rolling-stock was in bad shape. So the Allied bombers went after the railways, and the locks and other vulnerable parts of the canals. Those canals are important, for Germany has been one of the world's greatest users of this form of transport.

But to get back to our muttons, as our English friends say, a dozen main railway lines run into that hub which is Berlin. There's a ringbahn, or outer circle of railway around the city, and this is an integral part of an ingenious system connecting the terminals of the main lines.

So with its railways and widespread industries Berlin is one vast military target. When American and British bombers attack the Nazi capital they aren't trying to bomb objectives which aren't of military importance. Most certainly they aren't hunting civilians. I know from personal acquaintance with their methods that they studiously try to avoid non-military bombing.

If civilians and historic monuments are in the way in Berlin—that's the war which the Nazi dictator forced upon the world. Berlin is the key position from which he has caused the slaughter of millions, military and civilian—from which he literally has enslaved many millions more.

Berlin is the chief citadel which stands between the Allies and victory.

# TESTIFY FOR DEFENDANT IN BEATING CASE

Uniontown, Pa., March 9 (AP)—

The defense prepared to rest its case today after calling witnesses to testify that Rev. George Elmer Schott, 54-year-old minister on trial for assault with intent to kill, seemed "mentally unstable" at the time the state charges he clubbed his wife with "a miniature baseball bat."

A jury of seven men and five women heard testimony yesterday from relatives and fellow clergymen who maintained the defendant was under "mental strain" last Jan. 4 when the alleged beating of his wife, Garnet Jane, 33, took place at their parsonage at nearby Vanderbilt.

Rev. Schott's son, Curtis Vernon Schott, 17, who testified he left home last June 18, because there was "ill-feeling at home between my father and stepmother," said:

3 Ministers Testify

"I have heard her curse him when I would be in my workshop. I heard her tell him that the ministry was the 'sickest racket' she had ever heard of and she advised me several times to take up the ministry if I wanted to get through life the easy way."

Three Methodist ministers, Rev. Alden J. Allen, Dr. John Wesley Schell and Rev. William Scott Hamilton, told of noticing "changes" in Rev. Schott's personality.

Rev. Hamilton said he thought "there was something far wrong with him mentally," and then Rev. Schell added: "His mind must be affected in some way. He becomes exceedingly excited."

Under cross-examination by District Attorney Cottom, Rev. Schott said: "Things came back to me only just wavy. I didn't regain full composure until a week after I had had the quietude of the jail."

# ARMY PRIVATE TO GET AWARD

Pvt. Will W. Whalen, nephew of the Rev. Fr. Will Whalen, who for over 20 years was pastor of St. Ignatius Catholic church, Buchanan Valley and who is now at St. Plus' church, Bronx, New York, has been cited for bravery in action in Italy and recommended to receive the Silver Star award. Pvt. Whalen was baptized at St. Ignatius church.

A paratrooper, Pvt. Whalen disregarded his own safety to lead a patrol of medical officers through enemy fire to remove the wounded according to the citation. The citation was written to the Commanding General of the 82nd Airborne Division by Pvt. Whalen's executive officer, Lt. Arthur W. Miller and states in part: "Will W. Whalen, Pvt. For gallantry in action October 6, 1943 in the city of Arnone, Italy. Pvt. Whalen volunteered to escort back into the town of Arnone a patrol of litter bearers and medical officers that had as its mission the searching out of the wounded that had been reported left behind when the town was evacuated by Co. F, 505th Preht. Inf. Through machine gun and shell fire the patrol was taken safely into and out of the town and the mission completed."

Pvt. Whalen is on furlough in Ireland at present. Father Whalen is connected with the American-Irish theater in the Bronx in addition to his pastoral duties at St. Plus' church. Two of Father Whalen's plays "War Wife" and "Sick Cats" are among the productions that have been presented at the theater. Father Whalen has also written a new book, a detective novel, "The Priest Who Vanished."

# Stiffen Penalties Under Liquor Laws

Harrisburg, March 9 (AP)—Governor Martin laid down a policy to the Liquor Control board of revocation of licenses for violators of the law and cash compromise payments instead of suspensions "only under the most exceptional circumstances."

The Governor, addressing board members, attorneys, hearing examiners and district enforcement officers at a round table conference called to make plans to "get tough" with license holders who violate the liquor laws, said it was the aim of his administration "to put out of business what has been commonly referred to as 'dives.'"

# Yank Subs Sink 16 More Jap Vessels

Washington, March 9 (AP)—American submarines have sunk 16 more Japanese ships in enemy controlled waters.

The big bag, announced today by the Navy, included one large tanker which could have been loaded with badly needed fuel for enemy bases.

The toll brought to 627 the number of Japanese ships sunk, probably sunk or damaged by submarine action alone.

Sinkings by other causes—airplanes and warships—boosts the total damage to Japanese shipping to 1,989 enemy vessels of all types.

Pursuant to policy, the Navy communique announcing the latest sinkings did not report the areas in which the submarines operated. However, our submarines are known to have been operating along the coastal waters of Japan itself.

# Ask Veteran Plans At Special Session

Harrisburg, March 9 (AP)—Governor Martin's hint that a special legislative session to modify the state's soldier voting law may be convened May 1 brought from Rep. R. J. Cordier (R-Lackawanna) Wednesday a proposal that the general assembly also set up a commission to aid returning veterans.

Cordier said in a statement: "We should plan now to bring all phases of the problems that will affect the returning veterans into an orderly and effective unit."

"We should avoid confusion by the establishment of a commission including the heads of governmental agencies concerned and others appointed by the Governor to survey existing facilities to help veterans and set up a veterans service agency to expedite information to members of the armed forces and their families.

WEALTH WITHOUT MONEY

In 1907 Rudyard Kipling gave a most pungent talk to students at McGill University, Montreal. He contrasted the example of the man who sought only wealth in money with the man who sought only wealth through ideas and human service. He stated "money dominates everybody except the man who does not want money."

He advised the study of the latter man, for he possessed great power. "If more wealth be necessary to you," he said, "for purposes not your own, use your left hand to acquire it, but keep your right for your proper work in life. If you employ both arms in that game, you will be in danger of stooping; in danger, also, of losing your soul."

Thomas Edison could easily have become the richest man in the world, had he wanted to turn his inventions into personal profit, but he wasn't interested in money. He was only interested in the creation of ideas, and of their ultimate use to the peoples of the earth. That is intangible wealth — wealth that its creator shares with all mankind.

The late William Allen White was one of the wealthiest men Kansas ever created, for he shared his wealth with every inhabitant of that unique state, and had enough over to distribute to the rest of the world. Mere money had no temptation for him, as such. He was more interested in ideas and human beings.

There is more genuine wealth in the thousands of books that crowd all around me in my library than all the gold that is buried in the ground somewhere in Kentucky! Or anywhere else, for that matter.

**Baker-Cool:** Miss Burdella S. Baker, daughter of Mr. and Mrs. Daniel Baker, of Gettysburg, and Lawrence J. Cool, son of Mr. and Mrs. Henry Cool of Fairfield, were married at a nuptial mass at 8 o'clock Monday morning by the Rev. M. Scanlon, of the Bonneauville Catholic church. The couple was attended by Mr. and Mrs. Charles Cool.

After a brief honeymoon Mr. and Mrs. Cool will reside on a farm near Bonneauville.

**Sanders-Overholzer:** Miss Alice E. Overholzer and Clarence A. Sanders, both of Fairfield, were married in a nuptial mass by the Rev. P. F. Sullivan at the Catholic church in Fairfield. The couple was attended by Miss Margaret Knox, of Gettysburg and Theodore Izer of Fairfield.

**Warns Paris of British Fears:** London, March 3. — An extremely frank statement by Premier MacDonald on British views of the policy pursued by France since the war is the noteworthy feature of an exchange of letters between Mr. MacDonald and Premier Poincare of France, the texts of which were made public Sunday night. The people of England, the Prime Minister informs M. Poincare, have come to fear that France is out to ruin Germany and dominate the continent. They are apprehensive of the growth of large land and air forces in France and of the interest France is showing in the military forces of other European states.

**Reelect Deardorff to Double Position:** At the regular monthly meeting of the Gettysburg board of health at the fire engine house Monday evening, Erle R. Deardorff, West Middle street, was reelected secretary of the board and borough health officer at a salary for the combined positions of \$30 a month. Dr. Frank Clutz, newly-elected president of the board, called the meeting to order. Other members of the board present were Dr. H. M. Hartman, Ray Rupp, Charles K. Hartzell and Preston Hull.

**FDR AIDS SEEK TO MEND LINES IN CONGRESS**

By FRANCIS M. LE MAY  
Washington, March 9 (AP)—The smoke of the peace pipe wafted up Pennsylvania avenue to Capitol Hill today as President Roosevelt's most trusted lieutenants sought to mend the breach between Congress and the White House resulting from the tax bill battle.

What appeared to be a move to restore unity within the thinned Democratic ranks developed as a prelude to another struggle in the offing—this time over continuing wartime price controls.

There were these developments: 1. Price Stabilization Director Fred M. Vinson and OPA Administrator Chester Bowles called on Senate and House leaders, and Food Administrator Marvin Jones paid a visit to the capital for chats with the lawmakers.

2. Treasury Secretary Morgenthau, who during the tax veto battle heard Democrats as well as Republicans call his aides "irresponsible theorists," went up the hill for huddles with Chairman Doughton (D-NC) of the House Ways and Means committee and George (D-

Ga) of the Senate Finance committee. "Get Acquainted" 3. Senator O'Mahoney of Wyoming, new chairman of the Democratic Senatorial Campaign committee, invited Democratic senators to "get acquainted" with officers of the party's national committee at a luncheon Friday.

4. After a conference with President Roosevelt, Executive Advisor Jonathan W. Daniels agreed to testify fully before a Senate committee about a subject on which he previously had declined to answer questions; and James L. Fly, chairman of the Federal Communications agency, agreed to "cooperate fully" with a House committee investigation of his agency.

With the Republicans holding 210 House seats, to 216 for the Democrats, and some Democrats hostile to the administration, reports were going about that a bid might be made for bi-partisan support behind the administration's efforts to prolong the present price control act, without extensive changes, for at least a year beyond the June 30 expiration date.

Notwithstanding all the maneuvering, a bitter battle seems inevitable. Representative Wolcott (R-Mich.), ranking Republican on the House Banking committee, already has served notice he will reopen the fight over consumer food subsidies by trying to outlaw them in the price control extension bill.

**MAY INDUCT 500 PAROLEES**

Harrisburg, March 9 (AP)—Recommendations for a change in army regulations to permit parole of convicts directly from penal institutions into the armed forces will be drafted by a special committee and submitted to Secretary of War Stimson, Chairman Henry C. Hill of the state parole board announced today.

Hill said the committee will seek modification of present rules so that the state pardons board can grant conditional commutations to prisoners, eligible for military service, with the expectation that they will be inducted when paroled.

"As it is now," explained Hill, "the Army isn't taking men released on parole only for induction into the Army because they are ineligible to go back to civilian life."

He estimated that there are some 500 men in Pennsylvania institutions who would make good soldiers although they are not yet ready for release from prisons.

"It would be much better to take these men than 500 fathers," he added.

On the committee with Major Frank J. Graff of the State Selective Service system are Herbert Smith, warden of the Eastern Penitentiary; John Claudy, warden of the Western Penitentiary; William

**Offered To Share Her Model Husband**

Norristown, Pa., March 9 (AP)—The defense called new witnesses today in the trial of Helen M. Wucherer after the ashen faced widow had testified that she had offered to share with a brunette divorcee the "model husband" she is accused of murdering.

The state charges that Mrs. Wucherer, 44, shot School Teacher August Wucherer, 51, in their home last October 31 after learning of his friendship with 37-year-old Mrs. Marion Johnson.

In tears, Mrs. Wucherer said on the witness stand that she asked her husband to "break with" Mrs. R. Rodgers, of Pittsburgh; and Rev. Eugene Keller, head of the White Hill Industrial School for Boys.

Johnson, that he refused and that she then said: "I'll tell you what we'll do. We'll share ourselves with you. No one will know and it may be the best thing to do."

Mrs. Wucherer, pleading temporary insanity, said her mind went blank just before Wucherer was slain.

During the first eight months of 1943, 13,740 persons were killed in traffic accidents.

We had a real old-time church supper the other night. Bert Childers played the fiddle, and the ladies brought refreshments. Of course, we missed the boys who were away—but all in all it was mighty pleasant.

Only sour note was Doc McGinnis. "Shucks," says Doc, "we oughtn't to be enjoyin' ourselves when American soldiers are over there fightin' a war."

Now from where I sit, Doc's absolutely wrong. All of us are working overtime to help the

war. We've got our worries and troubles. It's a mighty good thing we can relax with a little wholesome enjoyment.

**French Fliers Beat Attackers of Convoy**

Algiers, March 9 (AP)—A strong force of German aircraft attacked an allied convoy off the coast of North Africa. It was announced today, but allied airmen knocked down five of the attackers and damaged two others.

French pilots flying P-39's destroyed one Junkers-88 in the first wave and RAF Beaufighters entering the fray thereafter accounted for four more.

Algiers was alerted and a heavy anti-aircraft barrage was fired.

**Warns Paris of British Fears: London, March 3. — An extremely frank statement by Premier MacDonald on British views of the policy pursued by France since the war is the noteworthy feature of an exchange of letters between Mr. MacDonald and Premier Poincare of France, the texts of which were made public Sunday night.**

The people of England, the Prime Minister informs M. Poincare, have come to fear that France is out to ruin Germany and dominate the continent. They are apprehensive of the growth of large land and air forces in France and of the interest France is showing in the military forces of other European states.

**Reelect Deardorff to Double Position: At the regular monthly meeting of the Gettysburg board of health at the fire engine house Monday evening, Erie R. Deardorff, West Middle street, was reelected secretary of the board and borough health officer at a salary for the combined positions of \$30 a month.**

Dr. Frank Clutz, newly-elected president of the board, called the meeting to order. Other members of the board present were Dr. H. M. Hartman, Ray Rupp, Charles K. Hartzell and Preston Hull.

**Knouse Farm Sold: George H. Knouse has sold his farm at Biglerville to P. T. Gindlesperger, of Davidville, Pennsylvania, with possession April 1. The sale was made by C. A. Heiges.**

**Hospital Given Fund of \$1,500: The Annie M. Warner hospital here is bequeathed \$1,500 by the late Mrs. Frances H. Walter, long a resident of Gettysburg, who died at her home in Baltimore Wednesday, Feb. 27, in her will filed Wednesday for probate in the Orphans' Court at Baltimore, Maryland.**

The money is to be used to endow a room in memory of Cornelia L. Walter, daughter of the testatrix.

Mrs. Walter organized the Band of Hope in Gettysburg, and led in constructive work of that and other temperance organizations.

**Relatives of the deceased in this section include Mrs. David Forney, Miss Hattie Krauth and President Judge D. P. McPherson.**

**Carl Kane Barn Is Burned near Arendtsville: Fire which broke out Friday morning about 11:30 in the barn on the farm of Carl Kane, near Arendtsville, burned the building completely to the ground, causing a loss variously estimated at between \$2,000 and \$4,000. The cause of the fire has not been learned.**

## FDR AIDS SEEK TO MEND LINES IN CONGRESS

By FRANCIS M. LE MAY  
Washington, March 9 (AP)—The smoke of the peace pipe wafted up Pennsylvania avenue to Capitol Hill today as President Roosevelt's most trusted lieutenants sought to mend the breach between Congress and the White House resulting from the tax bill battle.

What appeared to be a move to restore unity within the thinned Democratic ranks developed as a prelude to another struggle in the offing—this time over continuing wartime price controls.

There were these developments:

1. Price Stabilization Director Fred M. Vinson and OPA Administrator Chester Bowles called on Senate and House leaders, and Food Administrator Marvin Jones paid a visit to the capital for chats with the lawmakers.

2. Treasury Secretary Morgenthau, who during the tax veto battle heard Democrats as well as Republicans call his aides "irresponsible theorists," went up the hill for huddles with Chairman Doughton (D-NC) of the House Ways and Means committee and George (D-

Ca) of the Senate Finance committee.

"Get Acquainted"  
3. Senator O'Mahoney of Wyoming, new chairman of the Democratic Senatorial Campaign committee, invited Democratic senators to "get acquainted" with officers of the party's national committee at a luncheon Friday.

4. After a conference with President Roosevelt, Executive Advisor Jonathan W. Daniels agreed to testify fully before a Senate committee about a subject on which he previously had declined to answer questions; and James L. Fly, chairman of the Federal Communications agency, agreed to "cooperate fully" with a House committee investigation of his agency.

With the Republicans holding 210 House seats, to 216 for the Democrats, and some Democrats hostile to the administration, reports were going about that a bid might be made for bi-partisan support behind the administration's efforts to prolong the present price control act, without extensive changes, for at least a year beyond the June 30 expiration date.

Notwithstanding all the maneuvering, a bitter battle seems inevitable.

Representative Wolcott (R-Mich.), ranking Republican on the House Banking committee, already has served notice he will reopen the fight over consumer food subsidies by trying to outlaw them in the price control extension bill.

## MAY INDUCT 500 PAROLEES

Harrisburg, March 9 (AP)—Recommendations for a change in army regulations to permit parole of convicts directly from penal institutions into the armed forces will be drafted by a special committee and submitted to Secretary of War Stimson, Chairman Henry C. Hill of the state parole board announced today.

Hill said the committee will seek modification of present rules so that the state pardons board can grant conditional commutations to prisoners, eligible for military service, with the expectation that they will be inducted when paroled.

"As it is now," explained Hill, "the army isn't taking men released on parole only for induction into the Army because they are ineligible to go back to civilian life." He estimated that there are some 500 men in Pennsylvania institutions who would make good soldiers although they are not yet ready for release from prisons.

"It would be much better to take these men than 500 fathers," he added.

On the committee with Major Frank J. Graff of the State Selective Service system are Herbert Smith, warden of the Eastern Penitentiary; John Claudy, warden of the Western Penitentiary; William

## Offered To Share Her Model Husband

Norristown, Pa., March 9 (AP)—The defense called new witnesses today in the trial of Helen M. Wucherer after the ashen faced widow had testified that she had offered to share with a brunet divorcee the "model husband" she is accused of murdering.

The state charges that Mrs. Wucherer, 44, shot School Teacher August Wucherer, 51, in their home last October 31 after learning of his friendship with 37-year-old Mrs. Marion Johnson.

In tears, Mrs. Wucherer said on the witness stand that she asked her husband to "break with" Mrs. R. Rodgers, of Pittsburgh; and Rev. Eugene Keller, head of the White Hill Industrial School for Boys.

Mrs. Wucherer, pleading temporary insanity, said her mind went blank just before Wucherer was slain.

During the first eight months of 1943, 13,740 persons were killed in traffic accidents.

We had a real oldtime church supper the other night. Bert Childers played the fiddle, and the ladies brought refreshments. Of course, we missed the boys who were away—but all in all it was mighty pleasant.

# GRAND JURORS FREE GIRL ON MURDER COUNT

Merced, Pa., March 9 (AP)—Blonde Janice Graham, 20-year-old farm girl was free today after a Merced county grand jury found it had not sufficient evidence to indict her on two charges of murder in the triple slayings on the Everett Wilson farm last Oct. 7.

After one of the longest grand jury deliberations on murder charges in Merced county history, the jurors announced late yesterday they had found a not true bill in the case of Miss Graham, arrested last week in connection with the shotgun slayings of Mrs. Katherine Wilson, 78, and Robert McKay, 76.

The grand jury had spent a day and a half hearing testimony of 22 witnesses and evidence presented by District Attorney Edwin C. Moon and Assistant Prosecutor Alvin R. Isenberg.

One Convicted  
At the same time, the grand jury announced it was indicting Wilson, the farm owner, on seven counts as an absconding witness for failure to appear at the trial of William A. Morell, 20-year-old farmhand convicted last December of voluntary manslaughter in the death of Wilson's wife, Helen, 48, by strangling.

Morell was acquitted of murder in the deaths of the older Mrs. Wilson and McKay, the verdict resulting in a state-ordered investigation which culminated in Miss Graham's arrest.

Miss Graham was free under bond on a charge of being an accessory after the fact in the three slayings. The district attorney said he could not state immediately what disposition would now be made of the accessory charge.

Trial of Wilson on the absconding witness charge probably will start next week, Moon said. Wilson also faces a hearing on a contempt of court charge March 20 growing out of his failure to appear before the grand jury that indicted Morell.

The cantaloupe first was grown in southern Asia.

## Asks Prayers To Save Holy City

Boston, March 9 (AP)—William Cardinal O'Connell, Catholic archbishop of Boston and dean of the Roman Catholic hierarchy in the United States, today called upon his flock to pray that the leaders of all nations may "respect the unique sanctity of Rome and spare the Holy City."

In a pastoral letter to be read at all masses in the archdiocese Sunday, the cardinal also asked for prayers "for the welfare of our beloved Holy Father (Pope Pius XII). The letter was made public last night.

"I entreat you," the letter said, "to pray God to touch the hearts of the leaders of all nations that they may all respect the unique sanctity of Rome and spare the Holy City which for two thousand years has been the center of the spiritual life, the devotion, art and culture of the Christian world."

### OCCUPATIONAL HAZARDS

Omaha—A 21-year-old safe-cracker told his troubles to detective Captain Harry Green. The man unsuccessfully tried to pry off a safe door with a pick axe. Next, he drove a truck up to a back entrance to try to pull the door off with a chain. The chain broke, but the door didn't budge. So he knocked the combination off the safe and was injured when the door opened so easily he tumbled backward. Then he reached inside—and found a smaller safe.

"I got disgusted and left," he said.

## NEW CAR TAGS MAY HELP TO NAB CHEATERS

By JAMES MARLOW AND  
GEORGE ZIELKE

Washington, March 9 (AP)—The states, at least 31 of them—are sprouting out in new automobile license plates in 1944.

If you're a motorist you'll have to make a slight change in your gas ration book. This is necessary to keep the records straight.

Straight records help the government in its fight against the black market in counterfeit and stolen ration coupons.

That black market, by OPA figuring, drains off 2½ million dollars of gasoline daily and has netted the operators millions of dollars.

It is estimated that 90 per cent of the black market is in counterfeit coupons, the other 10 per cent in stolen ones.

A packet of 2,000 counterfeits, it was said at OPA, may sell for \$8,000 or 25 cents a coupon.

When used coupons are turned

### Now Many Wear FALSE TEETH

With More Comfort

FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, sticky, dusty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

back to the government and counterfeits are found among them, you may be called upon sometime to help track them to their source.

For instance, a crooked dealer, to cover up an illegal gas sale, may write your license number on a counterfeit coupon.

You may never have known that your regular dealer was a black marketer. But if your license number is found on a counterfeit, the dealer may be found. This way:

If the government checks with you to explain the presence of your license number on the counterfeit, all you can do is explain where you regularly buy your gas or the places where you have bought gas.

That narrows down the search. Your present (1943) license number already is written on your ration folder in that place where you

give your name, address, and make of car.

When you get the new 1944 license plate, draw a line lightly through that 1943 license number on the ration folder (lightly, so it still can be read) and above it write in the new number.

### Protect Coupons

You're supposed to have written your 1943 license number on each of your ration coupons already. If you haven't done it, do it now. But don't write your 1944 license on those coupons.

There are loopholes through which connivers can jump to work

monkey tricks with coupons in this changeover to 1944 plates. The OPA hasn't found an airtight way to prevent them. And we won't explain them.

But what we have outlined above is what the OPA wants you to do. These new license plates, most of them of steel although some will be of fiber-board, were made from 5,000 tons of steel allocated for the purpose by the government last June.

For 1945 plates, 8,000 tons have been set aside, no state to make more than one plate per car. Be-

fore the war the states used 20,000 tons of steel for plates.

## GRAND JURORS FREE GIRL ON MURDER COUNT

Mercer, Pa., March 9 (AP)—Blonde Janice Graham, 20-year-old farm girl was free today after a Mercer county grand jury found it had not sufficient evidence to indict her on two charges of murder in the triple slayings on the Everett Wilson farm last Oct. 7.

After one of the longest grand jury deliberations on murder charges in Mercer county history, the jurors announced late yesterday they had found a not true bill in the case of Miss Graham, arrested last week in connection with the shotgun slayings of Mrs. Katherine Wilson, 78, and Robert McKay, 70.

The grand jury had spent a day and a half hearing testimony of 22 witnesses and evidence presented by District Attorney Edwin C. Moon and Assistant Prosecutor Alvin R. Isenberg.

One Convicted  
At the same time, the grand jury announced it was indicting Wilson, the farm owner, on seven counts as an absconding witness for failure to appear at the trial of William A. Morell, 20-year-old farmhand convicted last December of voluntary manslaughter in the death of Wilson's wife, Helen, 48, by strangling. Morell was acquitted of murder in the deaths of the elder Mrs. Wilson and McKay, the verdict resulting in a state-ordered investigation which culminated in Miss Graham's arrest.

Miss Graham was free under bond on a charge of being an accessory after the fact in the three slayings. The district attorney said he could not state immediately what disposition would now be made of the accessory charge.

Trial of Wilson on the absconding witness charge probably will start next week, Moon said. Wilson also faces a hearing on a contempt of court charge March 20 growing out of his failure to appear before the grand jury that indicted Morell.

The cantaloupe first was grown in southern Asia.

## Asks Prayers To Save Holy City

Boston, March 9 (AP)—William Cardinal O'Connell, Catholic archbishop of Boston and dean of the Roman Catholic hierarchy in the United States, today called upon his flock to pray that the leaders of all nations may "respect the unique sanctity of Rome and spare the Holy City."

In a pastoral letter to be read at all masses in the archdiocese Sunday, the cardinal also asked for prayers "for the welfare of our beloved Holy Father (Pope Pius XII). The letter was made public last night.

"I entreat you," the letter said, "to pray God to touch the hearts of the leaders of all nations that they may all respect the unique sanctity of Rome and spare the Holy City which for two thousand years has been the center of the spiritual life, the devotion, art and culture of the Christian world."

### OCCUPATIONAL HAZARDS

Omaha—A 21-year-old safe-cracker told his troubles to detective Captain Harry Green. The man unsuccessfully tried to pry off a safe door with a pick axe. Next, he drove a truck up to a back entrance to try to pull the door off with a chain. The chain broke, but the door didn't budge. So he knocked the combination off the safe and was injured when the door opened so easily he tumbled backward. Then he reached inside—and found a smaller safe.

"I got disgusted and left," he said.

## NEW CAR TAGS MAY HELP TO NAB CHEATERS

By JAMES MARLOW AND  
GEORGE ZIELKE

Washington, March 9 (AP)—The states, at least 31 of them—are sprouting out in new automobile license plates in 1944.

If you're a motorist you'll have to make a slight change in your gas ration book. This is necessary to keep the records straight.

Straight records help the government in its fight against the black market in counterfeit and stolen ration coupons.

That black market, by OPA figuring, drains off 2½ million dollars of gasoline daily and has netted the operators millions of dollars.

It is estimated that 90 per cent of the black market is in counterfeit coupons, the other 10 per cent in stolen ones.

A packet of 2,000 counterfeits, it was said at OPA, may sell for \$8.00 or 25 cents a coupon.

When used coupons are turned

## Now Many Wear FALSE TEETH

With More Comfort  
FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, powery, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

back to the government and counterfeits are found among them, you may be called upon sometime to help track them to their source.

For instance: a crooked dealer, to cover up an illegal gas sale, may write your license number on a counterfeit coupon.

You may never have known that your regular dealer was a black marketer. But if your license number is found on a counterfeit, the dealer may be found. This way:

If the government checks with you to explain the presence of your license number on the counterfeit, all you can do is explain where you regularly buy your gas or the places where you have bought gas.

That narrows down the search. Your present (1943) license number already is written on your ration folder in that place where you

give your name, address, and make of car.

When you get the new 1944 license plate, draw a line lightly through that 1943 license number on the ration folder (lightly, so it still can be read) and above it write in the new number.

Protect Coupons  
You're supposed to have written your 1943 license number on each of your ration coupons already. If you haven't done it, do it now. But don't write your 1944 license on those coupons.

## SPORADIC LABOR TURNOVER IN '43 HIGHER THAN '42

By JAMES MARLOW AND GEORGE ZIELKE

Washington, March 9 (AP)—The number of persons who left their war jobs in 1943—by quitting or being fired, drafted or laid off for lack of work—increased over 1942 by less than 1 per cent.

This figure, based on a labor turnover study by the office of war information, is for the country as a whole. It looks mild. Mixed up in it is a story involving some vital war centers.

Government officials are worried and puzzled and are trying to find the causes for the turnover in places like the San Francisco bay area and Baltimore.

In the latter place the war manpower commission was supposed to have set up one of its smoothest job control programs to keep workers on the job.

Many Explanations  
Two OWI and WMC officials offered the following as part of the explanation but not all:

Some workers, thinking the war is about over, have gone hunting jobs that won't end with the war. Others, seeing the father draft operating and expecting to be called, took their families back home to leave them there for the duration. Others, fearing the father draft, went off seeking a farm job that carried draft deferment.

In the San Francisco bay area a shift in the type of ship construction meant a lay-off till the changeover could be accomplished. Workers left the area for jobs elsewhere. One AFL metal union lost 7,000 members in three months.

Baltimore Turnover

In Baltimore 109,000 workers were hired in the last six months of 1943 but at year's end the net gain, because of the tremendous turnover, was 600 workers.

Last month about 4,300 workers

arrived in Baltimore. The same number left. The average number of workers arriving there in 1943 was 5,000 monthly and the average number leaving was 5,000 to 4,000 monthly but new arrivals only equal departures.

There are other important war centers hamstrung by the turnover. Pascagoula, Miss., for example. That Gulf coast shipbuilding center, a sleepy town before the war, is a boom-town now where living is crowded and the work hard. It was one of the highest "quit" rates in the nation.

Three Reasons  
OWI offers these reasons for the turnover there: Living conditions, competition from other labor markets, wage differentials between industries and plants within the area, working conditions and working hours.

Yet, while one town may be begging for workers, a shutdown in

another may throw thousands into unemployment. A war plant shut down in Tulsa, Okla., threw 8,700 people out of work in December.

But there was no great need for workers in the other plants there.

The lumber industries report almost 28,000 women workers today as compared with around 8,000 just before the war.

## King Of Hoboes Scores Railroads

Buffalo, N. Y., March 9 (AP)—Jeff Davis, king of the hoboes, has a complaint to make about traveling conditions.

He arrived here weary yesterday, having ridden in a deluxe coach from Chicago.

"It was terrible, simply terrible," said Jeff. "The coach was either too hot or too cold. You couldn't get a seat—I always gave mine to a soldier—and when you weren't standing you were sitting or lying in the aisle."

"Give me the good old days when a 'bo could ride the rods in comfort," he said.
